INFORMATION FOR AUTHORS

The Journal of Nuclear Medicine will consider original articles in the following areas: basic science, in vivo function studies, in vitro studies, radionuclide imaging clinical studies, and therapeutic applications of radionuclides. The category in which an article is submitted must be marked at the top of each manuscript. Articles must describe original studies which are completely documented by both references to the literature and description of the techniques used. Articles are accepted for publication in the condition that they are not contributed elsewhere. Authors alone are responsible for the technical accuracy of their manuscripts. All material submitted should follow the style outlined in the Style Manual for Authors available from the Society of Nuclear Medicine for $1.50.

In addition to regular full-length articles, the Journal will consider manuscripts in the following areas:

Preliminary Notes communicating information about "works in progress." The text may not exceed 1,200 words. Authors may submit (a) two illustrations, (b) two tables, or (c) one table and one illustration. An additional 400 words of text may be submitted if no illustrations or tables are required.

Case Reports or brief clinical notes. More than one patient may be described if there are observable similarities in the patient or reaction. Length requirements for length of a Case Report are the same as those of Preliminary Notes.

Concise Communications are short, definitive articles of completed research. They must not describe work that will be published in fuller detail later or be a portion of a study being reported in several short papers. Concise Communications must be submitted without errors and must conform exactly to the instructions for style of manuscripts. If accepted, they will be given more rapid publication than longer articles. Concise Communications must not exceed ten double-spaced typewritten pages including text, tables, figures, captions, and references. Each figure with its accompanying caption will be counted as one-half of a manuscript page.

Letters to the Editor are comments on material previously published in the Journal or personal opinions of limited but immediate interest in relation to the "state of the art."

In preparing manuscripts for submission, please note the following:

Manuscripts must be typed double spaced on one side of 8½ x 11 in. bond paper with at least 2 lines of empty space on each side. Each paragraph should be indented. The original with three carbons must be provided.

Tables must be typed on separate sheets of bond paper, numbered consecutively with arabic figures, and have titles (in capital letters) to the right of and provide headings for all columns. Omit vertical lines. Place horizontal lines under title and under column headings.

Illustrations must be submitted in photographic form (glossy prints) or as original India ink drawings. Freestanding lettering is not acceptable. Two sets of illustrations must be submitted. Labeling should be clear, set in initial caps and lower case. Poor-quality illustrations will be returned to the author to be redrawn because good quality is essential for clarity of presentation. Illustrations should be identified by a label pasted on the back (do not write on the back of photographs with pen or pencil) indicating author's name, number and abbreviated article title. The top of each drawing must be clearly marked.

Descriptive legends to make illustrations understandable without reference to text should be grouped on a separate sheet or on a double-spaced. Authors will be charged $10 apiece for every illustration over four.

References must be cited in the text by number (underlined) in parenthesis in order of appearance. A consecutive list according to reference number must be submitted on a separate data page double-spaced. Literature references must be cited in the following order: name of author (last name first, then initials with no punctuation, (in lower case), title of article (initials and lower case), title of journal (in initial caps and lower case), volume number, colon, first to last page of article, year. Up to three authors will be listed, one or more authors past the third will be designated "et al." Example: Poe ND, Dore EK, Swanson LA, et al: Minisinterpretation of lung scans in the diagnosis of pulmonary embolism. J Nucl Med 8: 343-362, 1967. For books, the order is the following: author's last name with initial(s); Title of book underlined in caps and lower case. City of publication, publisher, year of publication, page citation. Example: Berns E: Principles of Group Treatment. New York, Oxford University Press, 1946, p. 26. Chapters in books will be treated as journal articles with regard to capitalization.

EDITORIAL COMMUNICATIONS. All editorial correspondence should be sent to the Editor, Frank H. DeLand, M.D., University of Kentucky Medical Center, Medical Clinics of Lexington, Ky, 40506. (606) 254-1803. Books and monographs covering the use of nuclear medicine in the diagnosis and treatment of disease and allied fields will be reviewed as space is available. Send copies to the Editor at the address above.

BUSINESS COMMUNICATIONS. Send all correspondence concerning business (advertising, subscriptions, change of address, etc.) to the Publisher, Society of Nuclear Medicine, 475 Park Avenue South, New York, N.Y. 10016. Phone 212-889-0717. Advertising rates are available from the publisher. Advertising is accepted subject to approval by an editorial committee. Forms close on the 15th of the month preceding date of issue.

November, 1977, Vol. 18. No. 11, Second class postage paid at New York, N.Y., and at additional mailing offices. Subscription rates are $50 per year within the United States; $52 in Canada and South and Central America; $55 elsewhere (includes air mail postage). Student subscription $25. Single copies $1. Foreign currency (U.S. $4.50, foreign $4.50), postage will be added. Subscriptions on a calendar-year basis. Remittances should be made by check, draft or postal money order payable to Society of Nuclear Medicine. No change of address at least 30 days before date of issue by sending both the old and new address.

BPA membership applied for April 1977.
