SNM AUDIOVISUALS

SI-3  Dynamic Brain Imaging
      P. Hoffer, A. Gottschalk, J.L. Quinn III, and R. Henkin
SI-4  Dynamic Renal Studies
      Robert Polcyn
SI-5  Lung Imaging
      Naomi Alazraki
SI-6  Thyroid Scanning
      Samuel Halpern
SI-8  Skeletal Imaging (Revised in 1980)
      Robert O'Mara
SI-9  Thyroid Uptake Testing
      David Charkes
SI-10 Radionuclide Cisternography in Adult Hydrocephalus
      John Harbert
SI-11 Technetium-99m
      Thomas S. Gnaau
SI-12 Evaluation of Imaging Performance
      Martin L. Nusynowitz
SI-13 Radioactive “Decay” Processes Related to Nuclear Medicine
      R. Eugene Johnston
SI-14 Radiopharmaceuticals for Tumor and Adrenal Scanning
      Samuel Halpern
SI-15 Scintillation Cameras
      Bryan Westerman
*SI-16 Scintillation Spectrometers and Pulse Height Analysis (1980)
      Robert Zimmerman and William Kaplan
**SI-18 Basic Concepts in Cardiac Anatomy and Physiology (1979)
      Glen W. Hamilton
SI-19 The Measurement of Ejection Fraction (1979)
      William Ashburn
SI-20 Intracardiac Shunts and Cardiac Outputs (1979)
      William Ashburn
SI-21 Perfusion Studies of the Ischemic Heart (1979)
      Glen W. Hamilton
SI-22 Detection of Acute Myocardial Infarction (1979)
      B. Leonard Holman
**SI-23 Instrumentation for Nuclear Cardiology (1979)
      Trevor D. Cradduck
SI-25 Radiopharmaceuticals for Liver, Spleen, Bone Marrow, and Pancreas Imaging (NEW!)
      Henry M. Chilton
**SI-26 Biological Effects of Low-Level Radiation (NEW!)
      Richard L. Witcofski

*Approved for .2 CEU (VOICE) credit.
**Approved for .1 CEU (VOICE) credit.

(See order form on page 14A)
SNM AUDIOVISUAL ORDER FORM

**Conditions:**
A) All foreign orders must be prepaid in U.S. funds. Add $7.50 for checks drawn on banks outside of U.S.
B) Damaged unit must be returned to this office (for exchange only) within 60 days of the invoice date. No partial return is accepted.
C) All domestic orders must be on either prepaid or prenumbered institutional purchase orders. Orders by letter or phone are not accepted.
D) Delivery term is 4-5 weeks after the receipt of correct order. (Foreign orders may be delayed 1 or 2 weeks.)

**Special Volume Discount!!** (Until further notice)
1) Buy any 10 units as a single order, and receive a 10% discount.
2) Buy the 6 Nuclear Cardiology Units (SI-18 thru SI-23) as a single order, and receive a 10% discount.

*Both discounts cannot apply to the same order.*

Please check where appropriate:

- I am a member of the Society of Nuclear Medicine.
- I plan to show these units on a device that *automatically* advances the slides.
  Send one-side only audiotapes.

Cost for each unit: If we cannot identify the purchaser as a member, we do not accept the order with member price.

- $55.00 for members
- $75.00 for non-members

Total enclosed $___________

Send to:
Audiovisual Department, Society of Nuclear Medicine, Inc., 475 Park Avenue South, New York, NY 10016.

We would appreciate your comments regarding the quality, content, and usefulness of the audiovisuals purchased:

Western Regional Chapters  
Society of Nuclear Medicine  
Hawaii Spring Conference  
April 10-15, 1983  
Waiohai Hotel (Kauai)  
Hawaiian Regent (Oahu)  
Kauai and Oahu, Hawaii  
Announcement  
Howard Parker, M.D., Program Chairman, announces plans for a Western Regional Hawaii Spring Conference to take place April 10-14, 1983 at the Waiohai Hotel on Kauai and April 14-15, 1983 at the Hawaiian Regent in Honolulu. The program will feature invited speakers covering topics of current interest, including cardiology, instrumentation, computers, NMR, and interesting clinical case studies. The meeting is sponsored by the Pacific Northwest, Southern California, Northern California, and Hawaii Chapters of the Society of Nuclear Medicine.  
For further information, contact: Jean Parker, P.O. Box 40279, San Francisco, CA 94140. Tel: (415)647-0722.

Society of Nuclear Medicine  
7th Annual Western Regional Meeting  
October 7-10, 1982  
Announcement and Call for Abstracts for Scientific Program  
The Scientific Program Committee welcomes the submission of abstracts of original contributions in Nuclear Medicine from members and nonmembers of the Society of Nuclear Medicine for the 7th Annual Western Regional Meeting. Physicians, scientists, and technologists—members and nonmembers—are invited to participate. The program will be structured to permit the presentation of papers from all areas of interest in the specialty of Nuclear Medicine. Abstracts submitted by technologists are encouraged and will be presented at the Scientific Program. Abstracts for the Scientific Program will be published as a Journal Supplement and will be available to all registrants at the meeting.  
Guidelines for Submitting Abstracts  
The abstracts will be printed from camera-ready copy provided by the authors. Therefore, only abstracts prepared on the official abstract form will be considered. These abstract forms will be available from the Western Regional Chapter office (listed below) after March 1, 1982. Abstract forms will be sent to members of the Southern California, Northern California, Pacific Northwest, and Hawaii Chapters in a regular mailing in early May, 1982. All other requests will be sent on an individual basis.  
All participants will be required to register and pay the appropriate fee. Please send the original abstract form, supporting data, and seven copies to:  
Justine J. Parker, Administrator  
7th Western Regional Meeting  
P.O. Box 40279  
San Francisco, CA 94140  
The 7th Annual Western Regional Meeting will have commercial exhibits and all interested companies are invited. Please contact the Western Regional SNM office (address above). Tel: (415)647-0722 or 647-1668.  
The Journal of Nuclear Medicine
INFORMATION FOR AUTHORS

Editorial Policy. The Journal of Nuclear Medicine publishes several types of original articles: full length articles, concise communications, preliminary notes, case reports, technical notes, letters to the editor, editorials, and solicited articles of general medical interest. It is understood that manuscripts submitted for consideration are original, including illustrations and tables, and that the material submitted is not under consideration by another publication.

Review Procedure. Submitted manuscripts are reviewed for content on the basis of originality, significance, adequacy of documentation, reader interest, and composition. All manuscripts are reviewed by two referees and the editorial staff. All accepted manuscripts are subject to editorial revisions for scientific accuracy and for clarity in the office of the editor.

Manuscript Format—General Information—An original and two copies of the manuscript with two sets of unmounted illustrations (glossies, preferably 5" X 7") should be sent with a transmittal letter to the Editor.
1. Every typewritten page must be double-spaced, including title page, abstract, text, references, legends, acknowledgments, and footnotes.
2. There should be a 2-in. margin on all sides of typewritten pages.
3. Reference numbers should be underlined and in parentheses in the text.
4. Paragraphs should begin with an indentation of at least five spaces.
5. All pages should be numbered at the top right-hand side without names of the author(s) or title of the article.
6. Handwritten changes are not acceptable.
7. Papers must be written in English.
8. References in the text should not be made to institutions or locales except when mention of the institution, locale, or facility is germane to that particular article.
9. Generic names should be used. Manufacturers of instruments or radiopharmaceuticals should not be named in the manuscript unless their inclusion is absolutely essential to the content. When necessary, however, manufacturers should be identified by footnotes. Consecutive order of footnotes symbols is: *, †, ‡.

Title Page. The title should be as short as possible, with a maximum of 72 characters, including spaces. The first names and degrees of all authors, the name and address of the department and institution where the work was done, sources of support (if applicable), and name and address of author responsible for correspondence and reprints should be included on the title page.

Abstract. Abstracts must be limited to 150 words or less, typed on a separate page. Three key words should be sent with proofs for indexing.

References. References must be typed double space on a separate sheet and numbered consecutively as they appear in the text. References included in a table or illustration are also numbered sequentially with those in the text. The Journal uses the Index Medicus style for references. When more than three authors are listed, the additional authors are listed as "et al." Journal names are abbreviated according to the List of Journals Indexed in Index Medicus.

Sample references are:

Numbered references to personal communications, unpublished data, manuscripts in preparation, or manuscripts submitted for publication are not acceptable.

Tables. A table is a condensation of related data or facts arranged in columns. Tables should be self-explanatory and should supplement, not duplicate, the text. Each table must be referred to in numerical order in the text. Each table must be typed on a separate sheet of paper; tables should be numbered consecutively with arabic numerals and have titles centered in capital letters. They are placed after the references in the manuscripts. The titles should be descriptive and as brief as possible. (Explanatory material should be included in footnotes or the text.) Place horizontal lines above the title, under the title, under column headings, and at the end of the table. Omit all vertical rules.

Illustrations. Since imaging is one of the major aspects of nuclear medicine, the selection of high-quality illustrations is of paramount importance. Arrows, lettering, and numbers added to figures must be of professional quality. Original line graphs are preferred for optimal reproduction. Figures of inferior quality or damaged figures as well as those poorly designed or badly lettered will be returned to the author for correction, replacement, or deletion, if indicated. A legend page with descriptive paragraphs for each figure, typed in numerical order with the abbreviation “FIG.” preceding each arabic number must be included. Every figure should be identified clearly in the text in numerical order. If the manuscript includes illustrations that have been published previously, permission to reproduce them must be obtained by the author from both the original author and from the original publisher and sent to The Journal of Nuclear Medicine. In the submitted manuscript the original publication must be cited in the references, and the following must appear in the figure legend: (reprinted by permission of Ref. X).

Units and Abbreviations. Nomenclature, units, and abbreviations should conform to IUPAC recommendations and Systems Internationale (SI). Chemical formulae follow the recommendations of the American Chemical Society.

Manuscripts should be submitted to: Frank H. DeLand, M.D., Editor, The Journal of Nuclear Medicine, University of Kentucky Medical Center, Medical Annex #5, Lexington, KY 40506.
Third World Congress of the World Federation of Nuclear Biology and Medicine
Special Sessions for Technologists

August 29–September 2, 1982 
Paris, France

During the Congress, a program dedicated to technologists will be organized (including 14 hr of lecture and lab sessions to be given in English).

Three languages have been selected (English, French, and German).

Accreditation (in order to obtain Continuing Education Units) will certainly be obtained. Further information will be available soon on special registration fees, room accommodations, and air fares.

Interested technologists are asked to write to:

Secretariat of WFNMB
C. Raynaud
BP 28
F 91403 Orsay, France

American Board of Science in Nuclear Medicine

June 14, 1982 
Miami Beach, Florida

The American Board of Science in Nuclear Medicine examination will be held June 14, 1982 in Miami Beach, FL, in conjunction with the 29th Annual Meeting of the Society of Nuclear Medicine.

Specialty areas will include:

- Nuclear Medicine Physics and Instrumentation
- Radiopharmaceutical and Radiochemistry Science
- Radiation Protection
- Nuclear Medicine Computer Science
- Nuclear Medicine Laboratory Science.

For further information contact:

Eugene Vinciguerra, Secretary
American Board of Science in Nuclear Medicine
145 W.58th St., New York, NY 10019
Tel: (212)757-0520

VOICE MEMBERS

VOICE membership cards are now available from the home office. Those wishing a card need only send a self-addressed, stamped envelope to VOICE, Society of Nuclear Medicine, 475 Park Avenue South, New York, NY 10016.

Membership in the VOICE system is now an automatic benefit of Technologist Section membership. For those who wish to join the VOICE system only, there is an annual charge of $40.00.

Your VOICE number is the same as your membership number. It is the five-digit number appearing on the mailing labels of the journals in the upper left-hand corner.
