The current version of the Society of Nuclear Medicine and Molecular Imaging (SNMMI) Bylaws is included below in its entirety. Proposed deletions are struck through. Proposed additions are underlined. The proposed amendments represent mostly housekeeping changes that have accrued since the last amendments in 2012. The amendments fall into several categories:

1. Change in name to Society of Nuclear Medicine and Molecular Imaging.
2. Changes in terminology, such as the change from Executive Director to Chief Executive Officer.
3. Clarification of definitions of membership categories.
4. Updated references to committees.
5. Miscellaneous minor clarifications and corrections of grammar and punctuation.

There are 2 small, substantive amendments:

1. Requiring that removal of an officer shall require a two-thirds affirmative vote of the voting membership of the House of Delegates, not just two-thirds of the voting delegates present.
2. Specifying that appointments as chairs of House of Delegates committees shall be made by the Vice President (as at present) in consultation with the Speaker of the House.
