The Twelfth Annual Meeting

of

THE SOCIETY OF
NUCLEAR MEDICINE

Americana Hotel
Bal Harbour, Florida
June 17-19—1965
Forward to the Scientific Program

The Scientific Papers are presented in two concurrent sessions in meeting Areas A and B. Simultaneous papers are listed on the same line in the printed program. The presentations will be kept to a strict schedule to permit members to easily change from one session to another. The title of the paper being presented will be posted outside of each meeting area.

The Teaching Sessions are 60 minute summaries of a limited phase of Nuclear Medicine. The instructors presuppose no previous training. Each teaching area can accept up to 150 students.

Serial numbers (A-1-a, B-1-a, etc.) refer to abstracts which are printed in the May 1965 issue of the Journal of Nuclear Medicine.

The 1965 Scientific Program Committee:

M. A. Bender, M.D., Chairman
W. J. MacIntyre, Ph.D.
W. J. Simpson, M.D.
R. P. Spencer, M.D.
