

Erratum

In the article entitled "Noninvasive Detection of Coronary Thrombi with In-111 Platelets: Concise Communication," February 1983, Volume 24, pp. 130-135, the equation shown on p. 132 should read as follows:

$$\% \text{ IE} = \frac{\text{In}_{\text{tot}} - \text{In}_{\text{bp}}}{\text{In}_{\text{bp}}} \times 100 = \frac{\text{In}_{\text{tot}} - \frac{\text{In}_{\text{ref}}}{\text{T}_{\text{Cref}}} (\text{T}_{\text{Croi}})}{\frac{\text{In}_{\text{ref}}}{\text{T}_{\text{Cref}}} (\text{T}_{\text{Croi}})} \times 100$$

Fleischner Society Thirteenth Annual Symposium

May 27-29, 1983

Grand Hyatt

New York, New York

The Fleischner Society will hold its Thirteenth Annual Symposium on Chest Disease, May 27, 28, 29, 1983 at the Grand Hyatt in New York City. Lectures, refresher courses, and panel discussions will be used to discuss the anatomy, physiology, and clinical aspects of important topics in chest disease. Emphasis will be placed on the use of radiographic and correlative imaging techniques in the solution of diagnostic problems.
