INFORMATION FOR AUTHORS

The Journal of Nuclear Medicine will consider original articles in the following areas: basic sciences, in vivo function studies, in vitro studies, radioducleus imaging clinical studies, and therapeutic applications of radiocnuclides. The category in which an article is submitted must be marked at the top of each manuscript. Articles must be well organized, and original studies which are completely documented by data and references to the literature and description of the techniques used. Articles are accepted for publication on the condition that they are contributed exclusively to this journal. Authors alone are responsible for the technical accuracy of the work. All material submitted should follow the style outlined in the "Style Manual for Authors" available from the Society of Nuclear Medicine for $1.50.

In addition to regular full-length articles, the Journal will consider manuscripts in the following areas:

Preliminary Notes: communicating information about "works in progress." The text may not exceed 1,200 words. Authors may submit (a) two illustrations, (b) two tables, or (c) one table and one illustration. An additional 400 words of text may be submitted if no illustrations or tables are required.

Case Reports: or brief clinical notes. More than one patient may be described if there are obvious similarities in the phenomena or reactions described. The requirements for length of a Case Report are the same as those of Preliminary Notes.

Concise Communications: are short, definitive articles of completed research. They must not describe work that will be published in full detail later or be a portion of a study being reported in several short papers. Concise Communications must be submitted without errors and must conform exactly to the instructions for style of manuscripts. If accepted, they will be given more rapid publication than longer articles. Concise Communications must not exceed ten double spaced typewritten pages including text, tables, figures, captions, and references. Each figure with its accompanying caption must be counted as one-half of a manuscript page.

Letters to the Editor: are comments on material previously published in the Journal or personal opinions of limited but immediate interest in relation to the "state of the art."

In preparing manuscripts for submission, please note the following:

Manuscripts must be typed double spaced on one side of 8½ x 11-inch bond paper with at least 1-inch, margin on each side. The original with three carbons must be provided.

Tables must be typed on separate sheets of bond paper, numbered consecutively with Arabic numerals, and have titles (in caps) centered. Make titles descriptive and provide headings for all columns. omit vertical lines. Place horizontal lines under title and under column headings.

Illustrations must be submitted in photographic form (8 x 10-inch glossy prints) or as original India ink drawings. Freehand lettering is not acceptable. Two sets of illustrations must be submitted. Labeling should be clear, set in initial caps and lowercase. Poor-quality illustrations will be returned to the author to be redrawn because good quality is essential for clarity of presentation. Photographs should be mounted on white cardboard. Illustrations should be identified by a label pasted on the back (do not write on the back of photographs with pen or pencil) indicating number, author's name, and an abbreviated article title. The top of each illustration must be clearly marked to make illustrations more visible. Descriptive legends with sufficient detail to make illustrations understandable without reference to text should be grouped on a separate sheet double spaced. Authors will be charged $10 apiece for every illustration over four.

References must be cited by number (underlined) in parenthesis in order of appearance. A consecutive list according to reference number must be submitted on a separate page double spaced. Literature references must be cited in the following order: name of author (last name first, then initials with no punctuation, cap and lower case), title of article (initial cap and lower case), name of periodical abbreviated and underlined for italic (check List of Journals Indexed in Index Medicine for abbreviation), volume number, colon, first to last page of article, year. Up to three authors will be listed; one or more authors past the third will be designated "et al." Example: Poo ND, Gore EF, Swanson LA, et al: Misinterpretation of lung scans in the diagnosis of pulmonary embolism. J Nucl Med 8: 345-362, 1967. For books, the order is the following: author's last name with initial(s); Title of book underlined in caps and lower case. City of publication, publisher, year of publication, page citation. Example: Berne E: Principles of Group Treatment. New York: Appleton-Century-Crofts, 1966, p. 20. Chapters in books will be treated as journal articles with regard to capitalization.

EDITORIAL COMMUNICATIONS. All editorial correspondence should be sent to the Editor, Frank H. DeLand, M.D., 721 Avalon Park, Lexington, KY 40508, (606) 254-1803. Books and monographs covering the phenomena in the imaging and treatment of disease and their allied fields will be reviewed as space is available. Send copies to the Editor at the above address.

BUSINESS COMMUNICATIONS. Send all correspondence concerning business (advertising, subscriptions, change of address, etc.) to the publisher, Society of Nuclear Medicine, 475 Park Avenue South, New York, N.Y. 10016. Phone 212-889-0717. Advertisements are available from the publisher. Advertising is accepted subject to approval by an editorial committee. Forms close on the 15th of the second month preceding date of issue.

October, 1975, Vol. 16, No. 10. Second class postage paid at New York, N.Y., and at additional mailing offices. Subscription rates are $40 per year within the United States; $42 in Canada and South and Central America; $45 elsewhere (includes air mail postage). Student subscription $20. Single copies $4. Foreign $4.50; post office money order will be on five. Subscriptions on a calendar-year basis. Remittances should be made by check, draft, post office or express money order, made payable to the Society of Nuclear Medicine. A change of address must be sent 30 days before date of issue by sending both the old and new address.
