

TWO NEW AUDIOVISUAL PROGRAMS NOW AVAILABLE

The most recent additions to the Society of Nuclear Medicine's audiovisual instruction program are:

- **SI-12. Evaluation of Imaging System Performance (Sensitivity, Resolution, and Figure of Merit)** by Martin L. Nusynowitz. 52 color slides and audio tape.

The material covered in this unit is complex, yet presented clearly and in considerable detail. The level of presentation is suitable for both the resident physician and the advanced technologist. A 27-page study booklet is included.

If the audio tape is to be used with systems which *automatically* advance the slides, this tape must be provided on two cassettes, at an additional charge of \$2.00. Cost: \$41.00 (\$43.00 with additional cassette).

- **SI-13. Radioactive "Decay" Processes Related to Nuclear Medicine** by Eugene R. Johnston. 57 color slides and audio tape.

This program contains the basics of radioactive transformation in a simple yet informative fashion. The level of presentation is suitable for both the resident physician and the technologist. Cost: \$41.00.

To order audiovisuals, please contact:

**Jose Christian
The Society of Nuclear Medicine
475 Park Avenue South
New York, NY 10016.**

All orders must be prepaid or accompanied by a purchase order. Please include the number of the audiovisual in your order.

SNM NEWSLINE

SNM NEWSLINE is a newspaper published every other month with the specific goal of bringing nuclear medicine specialists the latest news about legislation, the FDA, NBS, grants, appropriations, people in the field, and what the many-faceted and rapidly growing Society of Nuclear Medicine is doing.

Editor: Leonard M. Freeman, M.D.
Executive Editor: Margaret B. Glos

Published bimonthly, tabloid size, averaging 12 pages an issue.
Subscription Rates: \$10.00 a year in the U.S.A. \$12.00 elsewhere.

Note: Subscriptions are normally entered on a calendar year basis, but as a special introductory offer, subscriptions are available beginning with the July 1977 issue and including the September and November issues for \$5.00 (\$6.00 outside the U.S.A). Subscriptions may then be renewed for the 1978 volume at the regular rates.
