

# MATRIX OF SCIENTIFIC SESSIONS

## TUESDAY, June 24

|       |   |            |                     |                               |                       |                        |                                      |                 |  |
|-------|---|------------|---------------------|-------------------------------|-----------------------|------------------------|--------------------------------------|-----------------|--|
| 8:00  | EXHIBIT HALL OPENS  |            |                     |                               |                       |                        |                                      |                 |  |
| 8:30  | OPENING REMARKS   |            |                     |                               |                       |                        |                                      |                 |  |
| 9:45  | BREAK AND VISIT THE EXHIBITS  |            |                     |                               |                       |                        |                                      |                 |  |
| 10:00 | CLINICAL  |            |                     | RADIOPHARMACEUTICAL CHEMISTRY | RADIOASSAY            | INSTRUMENTATION        | RADIOASSAY WORKSHOPS                 | POSTER SESSIONS | SPECIAL SEMINAR                              |
|       | HEART I   | PEDIATRICS | LUNG                | STRUCTURE-ACTIVITY            |                       | EMISSION TOMOGRAPHY I  | BASIC RADIOASSAY TECHNIQUES          |                 | NUCLEAR MEDICINE FOR THE REFERRING PHYSICIAN |
| 11:30 | LUNCH AND VISIT THE EXHIBITS  |            |                     |                               |                       |                        |                                      |                 |  |
| 2:00  | GI I  | BONE I     | NEUROLOGY           | GALLIUM                       | HEMATOLOGY & ONCOLOGY | EMISSION TOMOGRAPHY II | ADVANCED RADIOASSAY TROUBLE-SHOOTING |                 |  |
| 3:30  | BREAK AND VISIT THE EXHIBITS  |            |                     |                               |                       |                        |                                      |                 |  |
| 4:00  | ENDOCRINE   | ONCOLOGY I | PERIPHERAL VASCULAR | TUMOR                         |                       | COMPUTER TOMOGRAPHY    | INTERPRETATION OF THYROID LAB DATA   | A               |  |
| 5:30  | EXHIBIT HALL CLOSING AT 5:30<br>POSTER SESSIONS AND SCIENTIFIC EXHIBITS WILL REMAIN OPEN UNTIL 6:30 FOR LATE VIEWERS. |            |                     |                               |                       |                        |                                      |                 |  |
| 6:30  |   |            |                     |                               |                       |                        |                                      |                 |  |

## WEDNESDAY, June 25

|       |   |                     |   |   |  |                                  |  |                 |  |
|-------|---|---------------------|---|---|--|----------------------------------|--|-----------------|--|
| 7:30  | EXHIBIT HALL OPENS AT 7:30 ONLY FOR EARLYBIRD POSTER SESSIONS AND SCIENTIFIC EXHIBIT VIEWERS.<br>ENTIRE EXHIBIT HALL OPENS AT 8:30. |                     |   |   |  |                                  |  |                 |  |
| 8:00  | CONTINUING EDUCATION  |                     |   |   |  |                                  |  | SPECIAL SEMINAR |  |
|       | NUCLEAR POWER, NUCLEAR MEDICINE, AND THE PUBLIC   |                     | BONE IMAGING: INFLAMMATORY DISEASE AND ORTHOPEDIC APPLICATIONS                              |   | POSITRON EMITTING RADIOPHARMACEUTICALS |                                  | DIAGNOSIS AND MANAGEMENT OF HYPERTHYROIDISM          |                 |  |
| 9:30  | BREAK AND VISIT THE EXHIBITS  |                     |   |   |  |                                  |  |                 |  |
| 10:00 | DECISION MAKING IN CLINICAL PRACTICE  |                     | VENTILATION-PERFUSION IMAGING FOR THE DIAGNOSIS OF PULMONARY EMBOLISM: A CURRENT PROSPECTUS |   | RADIOIMMUNOASSAY: AN UPDATE            |                                  | RECENT ADVANCES IN NUCLEAR MEDICINE INSTRUMENTATION  |                 |  |
| 11:30 | LUNCH AND VISIT THE EXHIBITS  |                     |   |   |  |                                  |  |                 |  |
| 1:30  | CLINICAL  |                     |   | RADIOPHARMACEUTICAL CHEMISTRY             | RADIOASSAY                             | INSTRUMENTATION                  | RADIOASSAY WORKSHOPS                                 | POSTER SESSIONS | NUCLEAR MEDICINE FOR THE REFERRING PHYSICIAN |
|       | KIDNEY  | IMAGE CORRELATION I | HEMATOLOGY  | BIOINORGANIC CHEMISTRY SYMPOSIUM          | THYROID 2:55 BERSON-YALOW              | COMPUTER CARDIOVASCULAR I        |  | B               |  |
| 3:00  | BREAK AND VISIT THE EXHIBITS  |                     |   |   |  |                                  |  |                 |  |
| 3:15  | HEART II  | HEART III           |   | BIOINORGANIC CHEMISTRY SYMPOSIUM (cont'd) |  | COMPUTERS: INSTRUMENT EVALUATION | VITAMIN B <sub>12</sub> RADIOASSAYS AND ALTERNATIVES | C               |  |
| 4:15  |   |                     |   |   |  |                                  |  |                 |  |
| 5:30  | SNM BUSINESS MEETING AND VIEW THE EXHIBITS  |                     |   |   |  |                                  |  |                 |  |
| 6:30  | EXHIBIT HALL CLOSING AT 5:30. POSTER SESSIONS AND SCIENTIFIC EXHIBITS REMAIN OPEN FOR LATE VIEWERS UNTIL 6:30.                      |                     |   |   |  |                                  |  |                 |  |

# MATRIX OF SCIENTIFIC SESSIONS

## THURSDAY, June 26

|       |   |         |   |                              |  |                                      |                                    |                        |
|-------|---|---------|---|------------------------------|--|--------------------------------------|------------------------------------|------------------------|
| 7:30  | <b>EARLYBIRD POSTER SESSIONS AND SCIENTIFIC EXHIBIT VIEWING IN THE EXHIBIT HALL.<br/>ENTIRE HALL OPENS AT 8:30.</b> |         |   |                              |  |                                      |                                    |                        |
| 8:30  | <b>CONTINUING EDUCATION</b>   |         |   |                              |  |                                      |                                    |                        |
|       | BIOLOGIC EFFECTS OF LOW-LEVEL EXPOSURE TO IONIZING RADIATIONS   |         | EVALUATION OF RENAL STRUCTURE AND FUNCTION WITH RADIONUCLIDES |                              | RADIOPHARMACEUTICAL CHEMISTRY OF THE DIVALENT AND TRIVALENT CATIONS AND HALOGENS |                                      | NUCLEAR MEDICINE COMPUTER SYSTEMS  |                        |
| 10:00 | <b>BREAK AND VISIT THE EXHIBITS</b>   |         |   |                              |  |                                      |                                    |                        |
| 10:30 | IMPACT OF GOVERNMENT REGULATIONS ON NUCLEAR MEDICINE PRACTICE   |         | NONINVASIVE ABDOMINAL IMAGING: AN INTEGRATED APPROACH         |                              | RECENT PROGRESS IN TECHNETIUM CHEMISTRY AND TECHNETIUM RADIOPHARMACEUTICALS      |                                      | AN OVERVIEW OF EMISSION TOMOGRAPHY |                        |
| 12:00 | <b>LUNCH AND VISIT THE EXHIBITS</b>   |         |   |                              |  |                                      |                                    |                        |
| 2:00  | <b>CLINICAL</b>   |         | <b>RADIOPHARMACEUTICAL CHEMISTRY</b>                          |                              | <b>RADIOASSAY</b>  | <b>INSTRUMENTATION</b>               | <b>RADIOASSAY WORKSHOPS</b>        | <b>POSTER SESSIONS</b> |
|       | RADIOLABELED ANTIBODIES   | BONE II | MYOCARDIAL  | NEW TECHNIQUES IN TECHNOLOGY | COMPUTER CARDIOVASCULAR II   | BASIC RADIOASSAY TECHNIQUES (Repeat) | D                                  |                        |
| 3:30  | <b>BREAK AND VISIT THE EXHIBITS</b>   |         |   |                              |  |                                      |                                    |                        |
| 4:00  | HEART IV  | GI II   | BRAIN   |                              | CARDIAC TOMOGRAPHY   | COMPUTER SYSTEMS                     | DATA REDUCTION TECHNIQUES          | E                      |
| 5:30  | <b>NIGHTOWL POSTER SESSION AND SCIENTIFIC VIEWING — EXHIBIT HALL CLOSES AT 5:30.</b>                                |         |   |                              |  |                                      |                                    |                        |
| 6:30  |   |         |   |                              |  |                                      |                                    |                        |

## FRIDAY, June 27

|       |  |                      |  |           |                                       |   |                        |
|-------|--|----------------------|--|-----------|---------------------------------------|---|------------------------|
| 7:30  | <b>EARLYBIRD POSTER SESSION AND SCIENTIFIC VIEWING IN THE EXHIBIT HALL.<br/>ENTIRE EXHIBIT HALL OPENS AT 8:30.</b> |                      |  |           |                                       |   |                        |
| 8:30  | <b>CLINICAL</b>  |                      | <b>RADIOPHARMACEUTICAL CHEMISTRY</b>   |           | <b>INSTRUMENTATION</b>                | <b>RADIOASSAY WORKSHOPS</b>                 | <b>POSTER SESSIONS</b> |
|       | VENTRICULAR FUNCTION   | GI III               | POTPOURRI                              | INORGANIC | INSTRUMENT PERFORMANCE AND EVALUATION | DATA REDUCTION TECHNIQUES (Repeat)          | F                      |
| 10:00 | <b>BREAK AND VISIT THE EXHIBITS</b>  |                      |  |           |                                       |   |                        |
| 10:30 | THALLIUM-201 IMAGING   | IMAGE CORRELATION II | RADIONUCLIDE PRODUCTION AND GENERATORS | DOSIMETRY | CLINICAL EMISSION TOMOGRAPHY          | INTERPRETATION OF THYROID LAB DATA (Repeat) | G                      |
| 12:00 | <b>LUNCH AND VISIT THE EXHIBITS — ENTIRE EXHIBIT HALL CLOSSES AT 2:00 PM.</b>                                      |                      |  |           |                                       |   |                        |
| 2:00  | ADVANCES IN CARDIAC RADIOPHARMACEUTICALS   |                      |  |           | INSTRUMENTATION: GENERAL I            |   |                        |
| 3:30  | <b>BREAK</b>   |                      |  |           |                                       |   |                        |
| 4:00  | HENRY N. WAGNER, JR. SCIENTIFIC MEETING HIGHLIGHTS   |                      |  |           | INSTRUMENTATION: GENERAL II           |   |                        |
| 5:30  |  |                      |  |           |                                       |   |                        |
