Missouri Valley Chapter  
Society of Nuclear Medicine  
“New Horizons in Nuclear Medicine”  
October 12–14, 1984  
Marriott Hotel  
Des Moines, Iowa

The Annual Meeting of the Missouri Valley Chapter will be held October 12–14, 1984 at the Marriott Hotel in Des Moines, Iowa. The program will feature current information on a variety of topics such as Indium-111 imaging, SPECT, lymphoscintigraphy, and future directions in nuclear medicine. AMA Category 1 credit for physicians and VOICE credit for technologists have been applied for.

The Scientific Program Committee welcomes the submission of abstracts of original contributions in nuclear medicine from members and nonmembers of the Society of Nuclear Medicine. Contributed papers will be presented on Saturday afternoon, October 13.

The Chapter will present two awards for best papers during the meeting. The young investigator who presents the best paper will receive the Richard E. Peterson Young Investigators Award. The technologist who presents the best paper will receive 50% of his or her expenses to attend the 1985 SNM Annual Meeting to present this paper.

For more information or to submit 200 word abstracts please contact:

Alexander Ervanian, M.D.  
Dept. of Nuclear Medicine  
Iowa Methodist Medical Center  
1200 Pleasant Street  
Des Moines, Iowa 50308

Deadline for receipt of abstracts is September 15, 1984.
The Society of Nuclear Medicine
32nd Annual Meeting
Sunday, June 2-Wednesday, June 5, 1985
Houston, Texas

Albert Thomas Convention Center

Call for Abstracts for Scientific Program

The 1985 Scientific Program Committee solicits the submission of abstracts from members and nonmembers of the Society of Nuclear Medicine for the 32nd Annual Meeting in Houston, Texas. Abstracts accepted for the program will be published in the May issue of the Journal of Nuclear Medicine. Original contributions on a variety of topics related to nuclear medicine will be considered, including:

INSTRUMENTATION
COMPUTERS AND DATA ANALYSIS
IN VITRO RADIOASSAY
RADIOPHARMACEUTICAL CHEMISTRY
DOSIMETRY/RADIOBIOLOGY
NUCLEAR MAGNETIC RESONANCE

CLINICAL SCIENCE APPLICATIONS
Bone/Joint
Cardiovascular
Gastroenterology
Hematology
Infectious Disease and Immunology
Neurology
Oncology
Pediatrics
Pulmonary
Renal/Electrolyte/Hypertension/Endocrine

Authors seeking publication for the full text of their papers are strongly encouraged to submit their work to the JNM for immediate review.

The official abstract form may be obtained from the November issue of the JNM or by calling or writing:

Society of Nuclear Medicine
Att: Abstracts
475 Park Avenue South
New York, NY 10016
Tel: (212)889-0717

Deadline for receipt of abstracts is Thursday, January 10, 1985

The Society of Nuclear Medicine
32nd Annual Meeting
Sunday, June 2–Wednesday, June 5, 1985
Houston, Texas

Albert Thomas Convention Center

Call for Scientific Exhibits
“One Picture is Worth a Thousand Words”

The Scientific Exhibits Subcommittee welcomes the display of scientific exhibits at the 32nd Annual Meeting in Houston, Texas, June 2-5, 1985. A visual discipline like nuclear medicine is particularly suited for information exchange via an exhibit format which allows the viewer good time to study, criticize, and assimilate the material; exhibits can also supplement a presented paper and provide an alternative route for the author to get his message across. Exhibits may be large or small, free standing, displayed on a posterboard, or illuminated by a viewbox, but must conform to minimal standards.

Scientific awards, based on scientific merit, originality, appearance, and other criteria will be presented in several categories this year. Abstracts selected for presentation as scientific exhibits will be published in a separate brochure that will be distributed to all those who attend the meeting. The official abstract form may be obtained from the November 1984 JNM or by calling or writing:

Society of Nuclear Medicine
Att: Abstracts
475 Park Avenue South
New York, NY 10016
Tel: (212)889-0717

Abstracts must be submitted on the official form and received (not postmarked) by no later than Thursday, February 21, 1985.
19th Annual Meeting  
New England Chapter  
Society of Nuclear Medicine  
October 12–14, 1984  
Hyatt Regency Cambridge  
Cambridge, Massachusetts  
The Economics of Clinical Practice  
Single Photon Emission Computed Tomography  
Blumgart Ceremonies and Lecture  
Immunology and Nuclear Medicine  
Symposium on Breast Cancer  

For further information contact:  
William D. Kaplan, M.D.  
Dana-Farber Cancer Institute  
44 Binney Street  
Boston, MA 02115  
(617)732-3224  

The program has been approved for 13.5 hours of AMA Category I credit towards the AMA Physicians Recognition Award and for 13 CEU of VOICE credit for Technologists.

2nd Western Regional  
Society of Nuclear Medicine  
Hawaii Spring Meeting  
April 12–17, 1985  
Intercontinental Hotel  
Maui at Wailea, Hawaii  
The 2nd Western Regional Society of Nuclear Medicine Hawaii Spring Meeting will be held at the Intercontinental Hotel on the Island of Maui at Wailea, April 12–17, 1985.  
The program will cover sessions on cardiology, tumor imaging, thyroid cancer, monoclonal antibodies, NMR, SPECT, computers, and instrumentation.  

Session chairman and speakers include:  
Naomi Alazraki Taylor, M.D.  
Andrew Taylor, M.D.  
Michael Graham, M.D., Ph.D.  
Thomas Lewellen, Ph.D.  
Ernest Garcia, Ph.D.  
Robert Nordyke, M.D.  
Marc Coel, M.D.  
Barry Engelstat, M.D.  
David Goodwin, M.D.  
Kenneth Lyons, M.D.  
Leonard Swanson, M.D.  
Robert Lull, M.D.  
David Lillien, M.D.  
Grant Galloway, Ph.D.  
Richard Wasnich, M.D.  
John Harbert, M.D.  
Malcolm Powell, M.D.  

For further information and registration materials, contact Justine J. Parker, PO Box 40279, San Francisco, CA 94140 Telephone: (415)647-1668 or 647-0722.
The Journal of Nuclear Medicine
INFORMATION FOR AUTHORS

Editorial Policy. The Journal of Nuclear Medicine publishes several types of original articles: full length articles, concise communications, preliminary notes, case reports, technical notes, letters to the editor, editorials, and solicited articles of general medical interest. It is understood that manuscripts submitted for consideration are original, including illustrations and tables, and that the material submitted is not under consideration by another publication.

COPYRIGHT. In compliance with the copyright Act of 1976, effective January 1, 1978, the following written statement must accompany all submissions to be considered for publication. "Upon acceptance by the Journal of Nuclear Medicine all copyright ownership of the article (complete title of the article in this space), is transferred to the Society of Nuclear Medicine. On behalf of any and all coauthors I accept the responsibility for release of any part or all of the material contained within the article noted above. The undersigned stipulates that the material submitted to The Journal of Nuclear Medicine is original and has not been submitted to another publication for concurrent consideration." Copyright requirement does not apply to work prepared by United States government employee(s) as part of their official duties.

Review Procedure. Submitted manuscripts are reviewed for content on the basis of originality, significance, adequacy of documentation, reader interest, and composition. All manuscripts are reviewed by two referees and the editorial staff. All accepted manuscripts are subject to editorial revisions for scientific accuracy and for clarity in the office of the editor.

Manuscript Format. General Information. An original and two copies of the manuscript with two sets of unmounted illustrations (glossies, preferably 5" x 7") should be sent with a transmittal letter to the Editor.

1. Every typewritten page must be double-spaced, including title page, abstract, text, references, legends, acknowledgments, and footnotes.
2. There should be a 2-in margin on all sides of typewritten pages.
3. Reference numbers should be underlined and in parentheses in the text.
4. Paragraphs should begin with an indentation of at least five spaces.
5. All pages should be numbered at the top right-hand side without names of the author(s) or title of the article.
6. Handwritten changes are not acceptable.
7. Papers must be written in English.
8. References in the text should be made to institutions or locales except when mention of the institution, locale, or facility is germane to that particular article.
9. Generic names should be used. Manufacturers of instruments or radiopharmaceuticals should not be named in the manuscript unless their inclusion is absolutely essential to the content. When necessary, however, manufacturers should be identified by footnotes. Consecutive order of footnote symbols is: *, †, ‡, §.

Title Page. The title should be as short as possible, with a maximum of 72 characters, including spaces. The first names and degrees of all authors, the name and address of the department and institution where the work was done, sources of support (if applicable), and name and address of author responsible for correspondence and reprints should be included on the title page.

Abstract. Abstracts must be limited to 150 words or less, typed on a separate page. Three key words should be sent with proofs for indexing.

References. References must be typed double space on a separate sheet and numbered consecutively as they appear in the text. All references included in a table or illustrations are also numbered sequentially with those in the text. The Journal uses the Index Medicus style for references. When more than three authors are listed, the additional authors are listed as "et al." Journal names are abbreviated according to the List of Journals Indexed in Index Medicus.

Sample references are:

Numbered references to personal communications, unpublished data, manuscripts in preparation, or manuscripts submitted for publication are not acceptable.

Tables. A table is a condensation of related data or facts arranged in columns. Tables should be self-explanatory and should supplement, not duplicate, the text. Each table must be referred to in numerical order in the text. Each table must be typed on a separate sheet of paper; tables should be numbered consecutively with arabic numerals and have titles centered in capital letters. They are placed after the references in the manuscripts. The titles should be descriptive and as brief as possible. (Explanatory material should be included in footnotes or the text.) Place horizontal lines above the title, under the title, under column headings, and at the end of the table. Omit all vertical rules.

Illustrations. Since imaging is one of the major aspects of nuclear medicine, the selection of high-quality illustrations is of paramount importance. Arrows, lettering, and numbers added to figures must be of professional quality. Original line graphs are preferred for optimal reproduction. Figures of inferior quality or damaged figures as well as those poorly designed or badly lettered will be returned to the author for correction, replacement, or deletion, if indicated. A legend page with descriptive paragraphs for each figure, typed in numerical order with the abbreviation "FIG." preceding each arabic number must be included. Every figure should be identified clearly in the text in numerical order. If the manuscript includes illustrations that have been published previously, permission to reproduce them must be obtained by the author from both the original author and from the original publisher and sent to The Journal of Nuclear Medicine. In the submitted manuscript the original publication must be cited in the references, and the following must appear in the figure legend: (reprinted by permission of Ref. X).

Units and Abbreviations. Nomenclature, units, and abbreviations should conform to IUPAC recommendations and Systems Internationales (SI). Chemical formulae follow the recommendations of the American Chemical Society.

Manuscripts should be submitted to: Frank H. Del and, M.D., Editor, The Journal of Nuclear Medicine, University of Kentucky Medical Center, Medical Annex 2, Lexington, KY 40506.
