AWARDS COMMITTEE, SNM

Named Lectureships—Lectureships are available in either the Scientific Program or Continuing Education track of the June Annual Meeting. An SNM Chapter or Council may apply to the Awards Committee for a "named" lectureship (e.g., "Blumgart Lecture" sponsored by the New England Chapter). The rules are as follows: a) submit applications one year prior to the June Annual Meeting, b) sponsorship must be committed for a minimum of three years and requires that a minimum deposit of \$3,000 (approximately \$1,000/year) be placed in a specially designated fund by the sponsoring body. The sponsor must also pay for the lecturer's travel, hotel, food, and incidental expenses at the Annual Meeting, and a suitable honorarium (e.g., minimum of \$500), and c) selection of the lecturer will be made by the Scientific Program Chairperson or designee in consultation with the sponsoring Chapter or Council.

SNM EDUCATION AND RESEARCH FOUNDATION

Tetalman Memorial Award—The fund, established by the family and friends of Marc Tetalman, MD, provides an annual award of \$2,500 to one young investigator (36 years or younger) in nuclear medicine for his/her accomplishments. Applications must include a curriculum vitae, a statement detailing research accomplishments and future goals, three or more letters of recommendation from established investigators, and up to three selected reprints. Send letters and applications prior to March 1, 1991 to: Andrew Taylor, Jr., MD, President, E&R Foundation, The Society of Nuclear Medicine, 136 Madison Ave., New York, NY 10016-6760

PAUL C. AEBERSOLD AWARD

Nominations are invited for the Paul C. Aebersold Award for outstanding achievement in basic science applied to nuclear medicine. This award commemorates the contributions of Dr. Paul Clarence Aebersold to the applications of nuclear physics to nuclear medicine and radiation biology, as well as his contributions to The Society of Nuclear Medicine. Dr. Aebersold contributed greatly to the emergence of nuclear medicine as a discipline by his energetic leadership in the provision of cyclotron-generated and reactor-produced radionuclides, and by his numerous publications and lectures. In giving this award, the Society thus symbolically signifies its appreciation of the warm and vital person who became our first Honorary Member and whose enthusiastic encouragement and support contributed importantly to the formation and success of the SNM. Nominations should be supported by the nominee's curriculum vitae and at least two letters supporting the nomination. These letters should describe briefly the contributions in basic science for which the nominee is proposed. The nominee need not be a member of The Society of Nuclear Medicine. Please submit nominations and supporting documents to Michael J. Welch, PhD, c/o The Society of Nuclear Medicine, 136 Madison Ave., New York, NY 10016-6760. *Deadline for nominations:* December 31, 1990.

MALLINCKRODT FELLOWSHIP
