## NOTICES

### AWARDS COMMITTEE, SNM

**Named Lectureships**—Lectureships are available in either the Scientific Program or Continuing Education track of the June Annual Meeting. An SNM Chapter or Council may apply to the Awards Committee for a "named" lectureship (e.g., "Blumgart Lecture" sponsored by the New England Chapter). The rules are as follows: (a) submit applications one year prior to the June Annual Meeting, (b) sponsorship must be committed for a minimum of three years and requires that a minimum deposit

of \$3,000 (approximately \$1,000/year) be placed in a specially designated fund by the sponsoring body. The sponsor must also pay for the lecturer's travel, hotel, food and incidental expenses at the Annual Meeting, and a suitable honorarium (e.g., minimum of \$500), and (c) selection of the lecturer will be made by the Scientific Program Chairperson or designee in consultation with the sponsoring Chapter or Council.

### JOSEPH STERNBERG STUDENT FELLOWSHIP

Funds for a student fellowship have been donated by friends and family of the late Joseph Sternberg, MD (1912-1991), an endocrinologist-nuclear physician and a pioneer of nuclear medicine. Dr. Sternberg was among the first physicians in the world to work with radioactive isotopes. He began his work under a French student fellowship award similar to those awarded by the Society of Nuclear Medicine Education and Research Foundation. Dr. Sternberg served as vice president of SNM in 1963 and was instrumental in founding the World Federation of Nuclear Medicine and Biology and the *Journal of Nuclear Medicine and Biology* where he was the first scientific editor. In recognition of his scientific achievements and his contributions to the establishment of the field of nuclear medicine, a fund has been set up in his memory to further the training of a selected young scientist in nuclear medicine. For further information, contact the E & R Foundation, SNM, 136 Madison Ave., New York, NY 10016-6760.
