NOTICES

ROBERT D. MOSELEY, JR. AWARD IN RADIATION PROTECTION IN MEDICINE

The NCRP invites applications for the Robert D. Moseley, Jr., Award in Radiation Protection in Medicine. The award honors the late Robert D. Moseley, Jr., a leader in radiology, who recognized the importance of radiologists being involved in radiation protection activities. The award will be made for an outstanding paper on radiation protection in medicine by a young investigator. The paper should have been published or accepted for publication during 1994. It will be judged on the basis of scientific merit, originality and applicability to the field of radiation protection and measurement in the medical use of ionizing radiation. The awardee will receive \$1,000 and travel expenses to attend the NCRP Annual Meeting, where the recipient will be expected to give a brief presentation on the paper. Applications, including a copy of the paper and details of the background of the proposed awardee should be made by January 15, 1995. **Contact:** Cindy L. O'Brien, 7910 Woodmont Ave., Suite 800, Bethesda, MD 20814-3095.

MEDICAL VISITING FELLOWS PROGRAM

AWARDS COMMITTEE, SNM JOSEPH STERNBERG STUDENT FELLOWSHIP

Funds for a student fellowship have been donated by friends and family of the late Joseph Sternberg, MD (1912-1991), an endocrinologist-nuclear physician and a pioneer of nuclear medicine. Dr. Sternberg was among the first physicians in the world to work with radioactive isotopes. He began his work under a French student fellowship award similar to those awarded by the Society of Nuclear Medicine Education and Research Foundation. Dr. Sternberg served as vice president of SNM in 1963 and was instrumental in founding the World Federation of Nuclear Medicine and Biology and the *Journal of Nuclear Medicine and Biology* where he was the first scientific editor. In recognition of his scientific achievements and his contributions to the establishment of

the field of nuclear medicine, a fund has been set up in his memory to further the training of a selected young scientist in nuclear medicine. For further information, contact the E&R Foundation, SNM, 850 Samuel Morse Dr., Reston, VA 22090-5316.
