# JNM

Volume 37, Number 9 • September 1996

## *Nuclear Oncology 1996: II*

Decision tree in which two strategies (A,B) are compared for staging non-small-cell lung cancer. Strategy A is a PET-based strategy. Strategy B is a conventional CT-based strategy. The details in terms of cost savings and life-expectancy issues are discussed on pages 1428-1436.
