### Erratum

In the article “Analysis of  $^{18}\text{F}$ -FET PET for Grading of Recurrent Gliomas: Is Evaluation of Uptake Kinetics Superior to Standard Methods?” by Pöpperl et al. (*J Nucl Med.* 2006;47:393–403), the first equation on page 396 contained an error. The authors regret the error and provide the corrected equation below:

$$\sum_{i=13}^{16} w_i \times (n_i - n_{i-1}) \quad \text{with} \quad w_i = \frac{d_i + d_{i-1}}{2}$$
