

**The Refresher Courses  
To Be Presented At The  
11th Annual Meeting, San Francisco at Berkeley  
June 18, 19, 20, 1964**

*Thursday Morning, June 18, 1964, 7:30–8:45 AM*

A-1	Thyroid Function Studies.	Wm. Beierwaltes
A-2	Radiation Safety.	Rosalyn Yalow
A-3	Radioisotope Physics.	Robert Rohrer
A-4	Problems of Scanning.	Craig Harris
A-5	Effect of Radioactivity Upon the Mammalian Organism.	Ervin Kaplan, Chairman A-5, A-10, A-15.
	Miriam Finkel	

*Friday Morning, June 19, 1964, 7:30–8:45 AM*

A-6	Diagnostic Blood Studies.	Myron Pollycove
A-7	Radioisotope Therapy.	Henry Jaffe
A-8	The Medical Radioactive Isotopes.	Marshall Brucer
A-9	How to Make Slides, Charts and Tables.	Jack Fason
A-10	The Radioiodine Techniques of Evaluating Thyroid Function.	
	Kaplan, Miller	

*Saturday Morning, June 20, 1964, 7:30–8:45 AM*

A-11	Clinical Laboratory Equipment.	Theodore Fields
A-12	Effect of Radiation on Tissues.	Meschan, Pizzarello
A-13	Radiation Measurements.	Douglas Ross
A-14	Statistics of Radioisotopes.	Collins, Peabody, Adams
A-15	The Radioisotope Techniques of Determining Blood Volume.	
	Dielman, O'Reilly, Andrews	

**TICKETS FOR THE REFRESHER COURSES**

Because of the large number of requests for attendance at the refresher courses and the limited space available, it will be necessary to distribute tickets for admission. These tickets are free to members of the Society and will be given out to members who request them beforehand at the reception desk at the meeting.

To reserve a space at particular refresher courses, send your request to:

Harold Elrick, M.D.  
Chairman Refresher Courses  
V.A. Hospital, 1055 Clermont  
Denver, Colorado 80220
