# **IMPORTANT NOTICE TO ALL TECHNICAL AFFILIATES, CHAPTER PRESIDENTS AND CHAPTER SECRETARIES**

---

## **Call for Papers: Nuclear Medical Technologists Program**

---

**The Society of Nuclear Medicine will hold its 14th Annual Meeting in Seattle, June 20-23, 1967. Space and time have been allocated for a nuclear medical technologists program.**

The encouragement of participation by technologists throughout the country would suggest that each of the fifteen chapters of the SNM appoint a technologist member to the nuclear medical technologists program group.

The function of these technologist members will be:

1. To solicit titles and abstracts for 10-15 minute papers by technologists to be presented at the Annual Meeting.\*
2. To publicize and promote the meeting to and for technologists in their regions.
3. To act as chairman of the several sessions for technologists at the annual meeting.

Chapter Presidents should appoint cooperative technologists members, who would participate in an effort to make the nuclear medical technologists program in Seattle successful.

It would be most useful if the appointments were made at the earliest possible time, and the name of the technical affiliate member appointed sent directly to:

Ervin Kaplan, M.D.  
Chief, Radioisotope Service  
V. A. Hospital  
Hines, Illinois

---

\*The presentation of titles and preparation of abstracts must conform to the rules and regulations established by the Scientific Program Committee (see page xx).

## ANNOUNCEMENT AND CALL FOR ABSTRACTS

---

### SCIENTIFIC PROGRAM

The Committee on Scientific Program welcomes the submission of abstracts of original contributions dealing with the following subjects:

1. BASIC SCIENCE—having relation to nuclear medicine.
2. CLINICAL INVESTIGATION in nuclear medicine.
3. CLINICAL NUCLEAR MEDICINE—new and original observations.
4. TECHNICAL DEVELOPMENTS AND NEW INSTRUMENTATION.

We solicit papers dealing with biophysical, biochemical, physical, physiological and radiobiological aspects of nuclear medicine, as well as papers concerned with diagnostic and therapeutic nuclear medicine.

Rules for submitting abstracts:

1. ORIGINAL AND FIVE COPIES TO:

Joseph F. Ross, M.D.  
Chairman, Program Committee, Society of Nuclear Medicine  
Department of Medicine  
U.C.L.A. School of Medicine  
Los Angeles, California 90024

2. 300 WORDS, submitted in such form that the abstract may be published in the final program and in the Journal of Nuclear Medicine.
3. Give title of paper and name(s) of author(s) and institution(s) as you wish them to appear in the program. *Underline* the name of the author who will present the paper.
4. Indicate address to which correspondence should be directed.
5. Interested investigators and teachers need not be members of the Society to participate.

• • • • •

The editors of the Journal of Nuclear Medicine welcome the submission of complete manuscripts to be considered for publication.

DEADLINE: February 1, 1967
