

## Correction Notice

It was brought to our attention by Dr. V. K. Mohindra, the author of the article entitled "Scintillation Spectra from Point Sources in a Scattering Medium," which appeared in the October, 1965 issue of the journal, that Figure 2 on Page 749 was erroneously submitted by him. The corrected Figure 2 appears below.

*Editor*

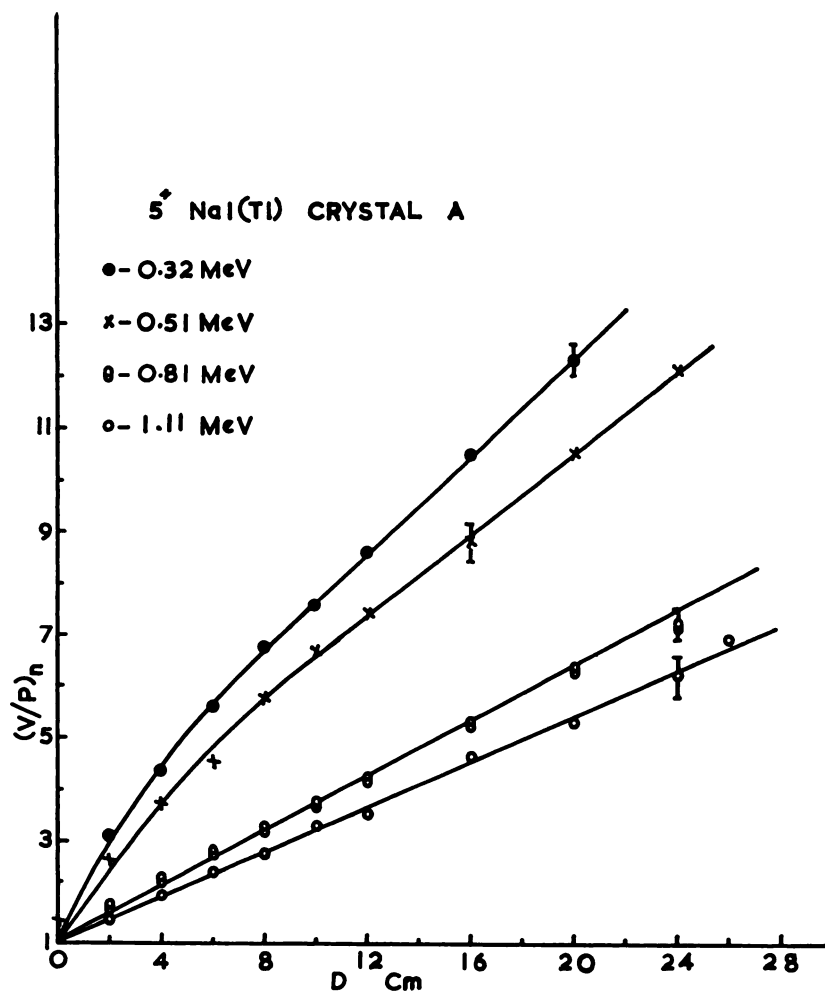

Fig. 2. Normalized valley-to-peak ratios for spectra obtained from a 5 inch NaI crystal for sources of different energy as the depth of water above the source is altered, the source—detector geometry being kept constant.
