DEADLINE  February 1, 1968
INFORMATION FOR AUTHORS

The Journal of Nuclear Medicine will publish original articles in clinical medicine, basic and clinical medical research, physics and chemistry dealing with the use of isotopes in humans, and articles on related subjects. The latter includes dosimetry, instrumentation, protection, techniques and biologic effects contributing to the use or effects of isotopes in clinical medicine or the clinical effects of ionizing radiation. Articles are accepted for publication on the condition that they are contributed exclusively to this journal. Authors will please note that they alone are responsible for the TECHNICAL accuracy of their manuscripts.

MANUSCRIPTS must be typed doubled or tripled spaced, the latter being preferable, and with at least a one-inch margin on each side of a standard size page. The original with one carbon copy must be provided.

TABLES must have captions and be numbered consecutively in Arabic numbers.

ILLUSTRATIONS should be in black ink on hard white paper with all lettering of sufficient size and clarity to permit reduction. Each illustration must be identified by a label pasted to the back indicating its number, the author's name and an abbreviated title of the article. The top of the illustration must be clearly indicated. Illustrations must have descriptive legends grouped on a separate sheet (double spaced). Authors will be charged $8.00 apiece for every illustration over four.

REFERENCES must be cited in the text by number in parentheses in order of appearance. A consecutive list according to reference numbers must be submitted on a separate page, double spaced. Literature references must be cited in the following order: name of author, title of article, name of periodical, with volume, page, month (day of month, if weekly) and year. Book references must be cited in the following order: author's name, name of book, editor's name (if any), city of publication, name of publisher and year of publication.

Unused manuscripts will be returned by regular mail. Used manuscripts are not returned. Used illustrations are returned after the article is published.
SNM MEMBERSHIP
DUES INCREASE

In December, 1966, the Board of Trustees voted to increase membership dues. This action was taken to meet rising operational costs and to provide funds for the expansion of educational programs.

As announced at the 14th Annual Meeting in Seattle, effective January 1, 1968 the new dues for the National Organization are:

- Full Members $25.00
- Associate Members $20.00
- Technical Affiliates $12.50

This new dues schedule is still below the median for comparable organizations and we hope to continue to maintain this relatively low level of assessment.
