

Supplemental Table 1

Lexicon of Anatomic Sites in Males (includes mid-skull through upper thigh):

<u>SOFT TISSUE</u>	Adrenal gland - left - abdomen	Inguinal canal and genitalia - pelvis	Level V - cervical node -left
Brain - nervous system	Kidney - Left - abdomen	Pelvic and perineal soft tissue -pelvis	Level V - cervical node-right
Spinal canal and nerves - nervous system	Kidney - Right - abdomen	Vascular system NOS	Level VI - cervical node
Nasopharynx -neck	Gallbladder and biliary system - abdomen	Muscle soft tissue NOS	Retropharyngeal nodes - left - cervical
Nasal cavity and paranasal sinuses - neck	Pancreas - abdomen	Cutaneous and Subcutaneous soft tissue NOS	Retropharyngeal nodes - right- cervical
Oropharynx -neck	Spleen - abdomen		Supraclavicular nodes - left- cervical
Oral cavity and sublingual space -neck	Retroperitoneal soft tissue - abdomen	<u>LYMPH NODES</u>	Supraclavicular nodes - right - cervical
Hypopharynx - neck	Abdominal and peritoneal soft tissue - abdomen	Preauricular nodes - cervical - right	1L - Left highest mediastinal nodes - thorax
Larynx and cartilage - neck	Liver - segment 1	Preauricular nodes - cervical - left	1R - Right highest mediastinal nodes - thorax
Thyroid gland - neck	Liver - segment 2	Postauricular nodes - cervical -right	2L - Left upper paratracheal nodes - thorax
Salivary glands - neck	Liver - segment 3	Postauricular nodes - cervical -left	2R - Right upper paratracheal nodes - thorax
Trachea and bronchi - thorax	Liver - segment 4 a	Facial nodes - cervical - right	3A - Prevascular nodes - thorax
Lung - Left Lower lobe -thorax	Liver - segment 4 b	Facial nodes - cervical - left	3B - Retrotracheal nodes - thorax
Lung - Left Upper lobe -thorax	Liver - segment 5	Level Ia - cervical node	4L - Left lower paratracheal nodes - thorax
Lung - Left - Lingula - thorax	Liver - segment 6	Level Ib - cervical node -right	4R - Right lower paratracheal nodes - thorax
Lung - Right Lower lobe -thorax	Liver - segment 7	Level Ib - cervical node -left	5 - Subaortic nodes- thorax
Lung - Right Middle lobe -thorax	Liver - segment 8	Level IIa - cervical node -left	6 - Paraaortic nodes- thorax
Lung - Right Upper lobe -thorax	Bowel - Duodenum	Level IIa - cervical node -right	7 - Subcarinal nodes - thorax
Pleura and pleural space - right - thorax	Bowel - Jejunum	Level IIb - cervical node -left	8 - Paraesophageal nodes - thorax
Pleura and pleural space - left - thorax	Bowel - Ileum	Level IIb - cervical node -right	10L-11L - Left hilar and interlobar nodes - thorax
Thymus gland - thorax	Bowel - Cecum and Appendix	Level III - cervical node -left	
Esophagus - thorax	Bowel - Ascending colon	Level III - cervical node-right	
Heart and pericardium and pericardial space - thorax	Bowel - Transverse colon	Level IV - cervical node -left	
Mammary gland - right - thorax	Bowel - Descending colon	Level IV - cervical node-right	
Mammary gland - left - thorax	Bowel - Sigmoid colon		
Stomach - abdomen	Bowel - Rectum and anus		
Adrenal gland - right - abdomen	Ureter - right - pelvis		
	Ureter - left - pelvis		
	Urinary bladder - pelvis		
	Seminal vesicles - pelvis		
	Prostate gland and urethra - pelvis		

10L-11R - Right hilar and interlobar nodes - thorax	Aortocaval nodes - abdomen	BONE	Scapula - right
Infraclavicular nodes - right - thorax	Paraaortic nodes - abdomen	Cranium and skullbase - right	Scapula - left
Infraclavicular nodes - left - thorax	Paracaval nodes - Abdomen	Cranium and skullbase - left	RR1
Axillary and pectoral lymph nodes - right-thorax	Superior Mesenteric nodes - abdomen	Facial bones - right	RR2
Axillary and pectoral lymph nodes - left-thorax	Inferior Mesenteric nodes - abdomen	Facial bones - left	RR3
Internal mammary nodes - right - thorax	Common iliac nodes - pelvis	C1	RR4
Internal mammary nodes -left- thorax	External iliac nodes - left - pelvis	C2	RR5
Superior diaphragmatic nodes - thorax	External iliac nodes - right - pelvis	C3	RR6
Paravertebral nodes - thorax	Internal iliac nodes - left- pelvis	C4	RR7
Retrocrural nodes - thorax	Internal iliac nodes - right- pelvis	C5	RR8
Inferior diaphragmatic nodes - abdomen	Obturator nodes - Left pelvis	C6	RR9
Celiac nodes - abdomen	Obturator nodes - Right pelvis	C7	RR10
Gastrohepatic nodes- abdomen	Pararectal nodes - pelvis	T1	RR11
Splenic nodes- abdomen	Presacral nodes - pelvis	T2	RR12
Pancreatic nodes - abdomen	Inguinal nodes: superficial and deep - left	T3	LR1
Portahepatic nodes - abdomen	Inguinal nodes: superficial and deep - right	T4	LR2
Portacaval nodes - abdomen		T5	LR3
		T6	LR4
		T7	LR5
		T8	LR6
		T9	LR7
		T10	LR8
		T11	LR9
		T12	LR10
		L1	LR11
		L2	LR12
		L3	Ilium - right
		L4	Ilium - left
		L5	Ischium - right
		Sacrum - right	Ischium - left
		Sacrum - left	Pubis - right
		Coccyx	Pubis - left
		Manubrium	Humerus - right
		Sternum	Humerus - left
		Clavicle - right	Femur - right
		Clavicle - left	Femur - left
