

Supplemental Figure 1: Surface-based analysis between participants with amyotrophic lateral sclerosis (ALS) and healthy volunteers (HV) using [^{11}C -PBR28 (SUVR₄₀₋₆₀ and both tracers combined (^{11}C -PBR28 SUVR₄₀₋₆₀ and ^{18}F -DPA714 SUVR₄₀₋₆₀)) using whole brain - ventricles as pseudoreference region.

SUVR = standardized uptake value ratio.
